

GRAND BAHAMA GETAWAY

Guide for Your 2 Night Stay on Yacht SLAINTE

"All was great! I plan on returning soon!"

- E.M.

Escape winter's chill, and enjoy a micro-lifestyle break aboard this luxury yacht in the Bahamas

Step aboard this spacious yacht moored at the Ocean Reef Yacht Club & Resort in Freeport – Grand Bahama Island. I promise you'll feel instantly at home!

The interior of the yacht has been tastefully decorated with classic teak woodwork, leather furniture, and original art. A fully furnished kitchen and dinette is especially inviting for the chef in your group.

Two staterooms below deck, (one Aft Cabin, and the V-berth Cabin) can comfortably accommodate 4 guests. Each stateroom has its own private bathroom, outfitted with a shower, vanity and mirrors.

Relax in the spacious common areas both inside and out – the furnished back deck

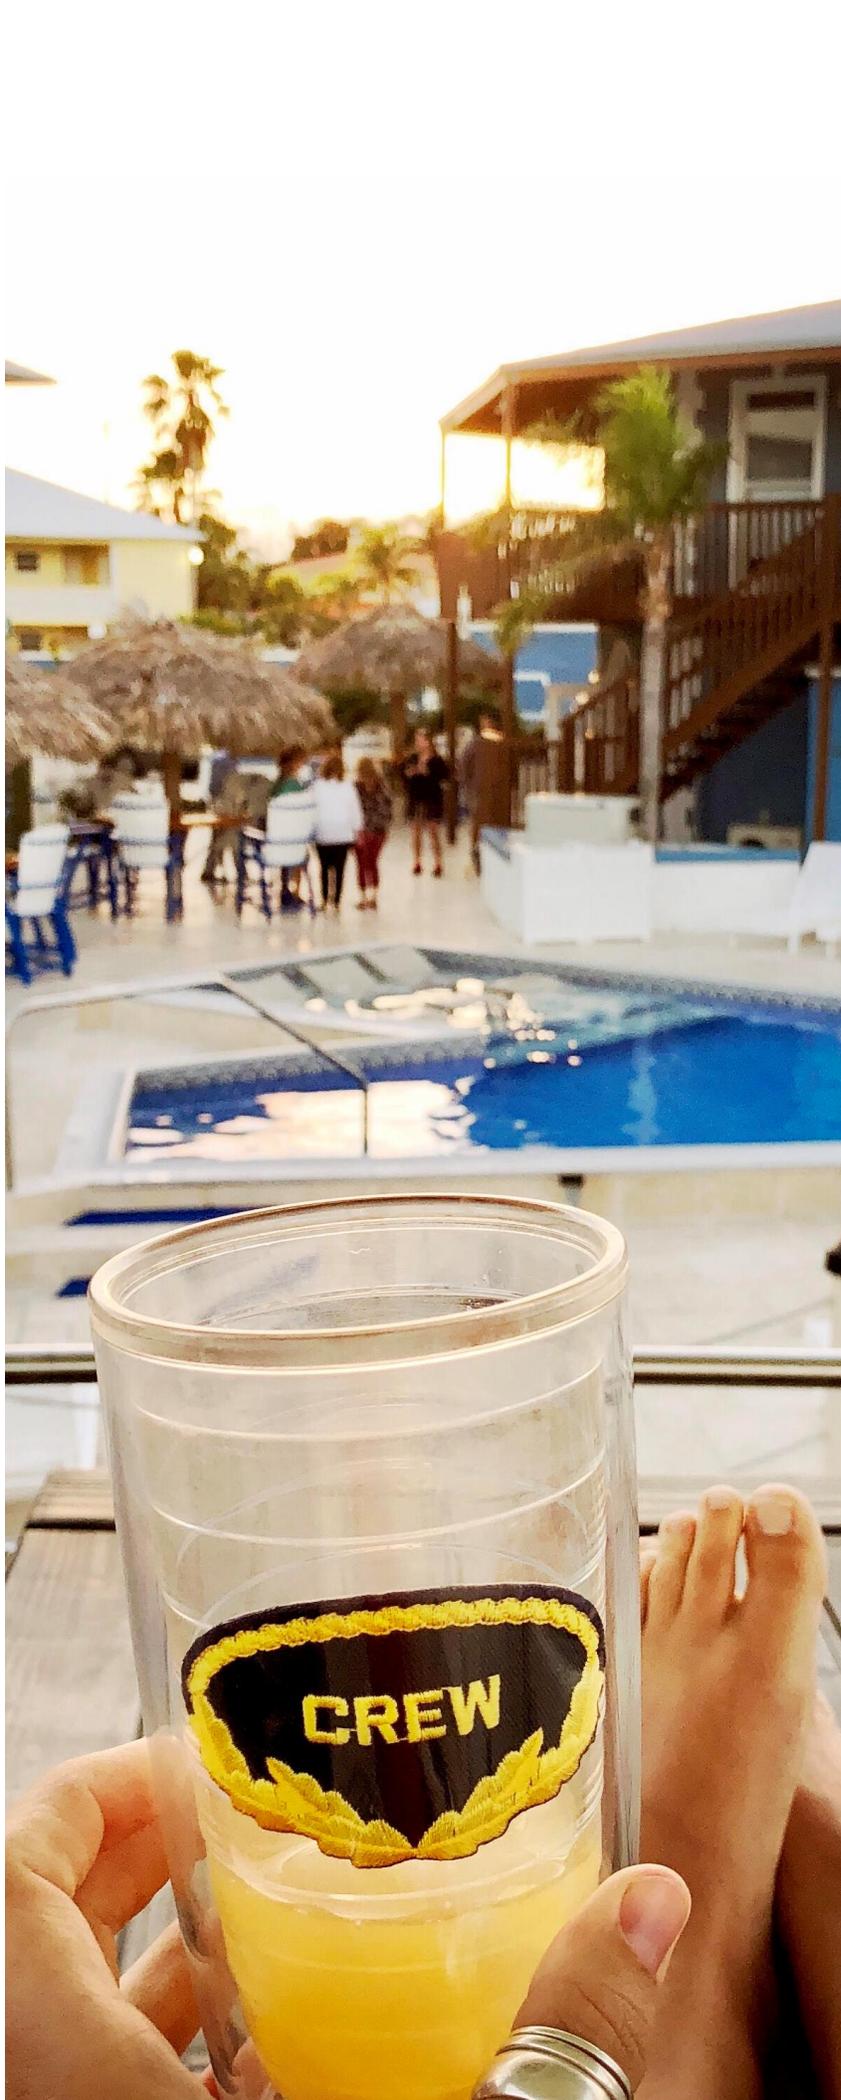

overlooks the pool and is a great spot to watch the sunset and enjoy a cocktail.

Experienced guests will also have use of the dinghy, to go on short excursions to the ocean inlet, with its beautiful white sandy beaches.

I can't wait to hear how you enjoy your stay!

xoxo

GETTING HERE travelling to Grand Bahama Island during the winter months is so easy. Just catch a flight to Fort Lauderdale, FL and then hop on a 30 minute flight over to Freeport (FPO), Grand Bahama Island. Silver Airways, and Bahamas Air are the options I recommend.

UPON ARRIVAL immediately don your swimsuit and grab something cold to drink. Ask a neighbor to snap your photo so you can send it home to someone in need of some Vitamin D.

So what does “SLAINTE” mean anyway? It means “cheers!” or “health!” in Gaelic. You can pronounce it a bit like “slawn-che”.

On that note, here is Jenna’s famous Bahama Mama recipe – a must try during your stay on the Yacht.

JENNA’S BAHAMA MAMA RECIPE

- 1 oz dark rum
- 1 oz coconut rum
- ½ oz grenadine
- ½ cup pineapple juice
- ½ cup orange juice
- Garnish: Maraschino Cherry
- Ice cubes

Directions: Fill your Crew Glass with a handful of ice cubes. Pour in dark rum, coconut rum, pineapple juice and orange juice. Drizzle with a splash of grenadine and stir. Add cherry (or two!) on top and serve with a side of sunshine.
